

# The SANS Institute

Take a look at the resources available from the SANS Institute. The SANS Institute is a cooperative research and education institution. At the heart of SANS are the many security practitioners in varied global organizations from corporations to universities working together to help the entire information security community.

<https://www.sans.org/>

Access some of the critical controls for Cybersecurity. You will learn about many of the concepts and tools around the security controls in the modules within this course.

<https://www.sans.org/critical-security-controls/>

We will revisit the SANS Institute later in future courses to review additional resources.
